Profile

I'm Meron Sisay, a 3rd year software engineering student at Addis Ababa University with a passion for learning new things, improve and make an impact in the digital world. I am an enthusiastic student with a passion for Data Structures and Algorithms, eager to learn and grow my skills in programming and problem-solving. I'm looking to join A2SV community to build a solid foundation on the subject, gain hands-on experience, and work on creative projects that challenge me. I want to be part of a community where I can learn from others, share my ideas, and develop practical solutions that make a difference.
